Distribution of Spectacle free of cost needy people of South, North 24 Parganas(Sunderban) & Dakshin Dinajpur, Kalighat, South 24 Parganas

i. Cleaning and upkeep of drainage system at Rajput Sonarpur municipality, Ward No. 12 and its adjoining area including ONGC.(Part of Swachh Bharat Mission)

Our organization has been organized Cleaning and upkeep of drainage system at Rajput Sonarpur municipality, Ward No. 12 and its adjoining area including ONGC.(Part of Swachh Bharat Mission). During rainy season the drainage system at 12 no. ward and its adjoining ONGC area under Rajput Sonarpur Municipal and its surroundings gets clogged with stagnant water. Open drains are clogged with sediment and accumulated solid particles like plastics, debris etc. Unauthorized discharge of domestic waste water into the system leads to surface water pollution and spreading of pathogens. A large number of people wade through the knee deep and waist deep logged water and visit nearby hospitals, schools, colleges and offices and face health hazards. So the Cleaning and upkeep of drainage system at Rajput Sonarpur municipality, Ward No. 12 and its adjoining area including ONGC is very much essential.
